

3m x 2m Tubular Soccer Goals Assembly Instructions

Each goal is made up of 2x crossbars, 2 x back braces, 1 x left end, 1 x right end.

1. Slide top of one brace onto the top crossbar (has coloured dots on) ensuring that the dot on the back brace corresponds to the dot on the crossbar
2. Slide appropriate end piece onto the top crossbar ensuring that the coloured dots line up.
3. Slide bottom crossbar through back brace and into end piece
4. Repeat process for the opposite end of the goal.
5. Insert rubber nuts into holes and tighten with 4mm allen key.
